Testimonials

Center for Pain Management

"Over the past twelve years, I have hired almost fifty individuals for different clinical, financial and administrative positions in the healthcare field from Celebrity Medical. My current COO is typical of the quality personnel Celebrity represents. Not only do I recommend Celebrity Medical, I won't use anyone else."

- Bob Lee, CEO

National Medical Billing Services, LLC

"I've been in the healthcare field for 23 years and I've used Celebrity Medical Personnel (CMP) for permanent staffing 18 of those years. Simply put, they're the best at what they do. When I call CMP to place an order for an OR nurse or a biller, they know I need a professional yesterday. They know my standards are very high and CMP has never let me down. I know that I can count on them to do their job, which in turn allows me to do mine."

- Lisa Rock, President

Genesee Associates, Inc.

"As President of a company that develops and manages surgery centers in various parts of the country, it is essential to have someone like Celebrity Medical Personnel to assist in obtaining qualified employees with specialty skills. Even during this period of severe nursing shortages, Celebrity has been able to find me qualified nurses that exceed expectations. I will continue to use Celebrity and trust their expertise in finding staff."

- Beverly Kirchner, RN, BSN, CNOR, CASC

Capital Heart Associates, PC

"It is my pleasure to write in support of Celebrity Medical Personnel. Over the course of my career I have utilized many different services and methods to fill staff vacancies. Without exception, Celebrity Medical represents the highest level of performance, ethics, value and professionalism that I have ever encountered. I have no interest in doing business with anyone else."

CMP is a woman-owned, small business uniquely qualified to meet the needs of our various commercial and government clients. This qualification comes as a result of the strong and lasting relationships we make with the most highly qualified medical personnel in the area.

Celebrity Medical has over 25 years of experience in providing highly qualified medical professionals to service the commercial and federal medical industry of the MD/DC/VA Metropolitan area. In 2003, CMP received its Department of Veterans Affairs GSA Federal Supply Schedule (V797P-4491A), in order to further provide quality medical professionals to the federal medical sector.

Always the very best . . .

CMP retains a strong and well-recognized reputation of representing medical professionals that possess stable work histories, exceptional knowledge of the medical industry and specific field requirements, dedicated work habits/ethics, and excellent references to substantiate their qualifications. We do not and have not represented any individual who does not fully meet our hiring criteria.

It has always been our philosophy that we cannot attract this caliber of medical professionals if we do not represent the finest medical facilities as well. Celebrity finds both clinical and administrative medical personnel on a full-time basis for physician practices, surgery centers, and similar types of medical facilities, as well as for government health agencies and hospitals.

Celebrity Medical only reviews and hires those candidates who possess:

- ❖ A stable work history
- ❖ Comprehensive knowledge of the medical sector and work specific requirements
- ❖ Verification of necessary medical licenses and certifications
- ❖ Professional appearance and communication skills
- ❖ Proven ability to work successfully in a team environment

Our bottom line: We do everything within our power to ensure we find the right person for the job and the right job for the person.
